**Function**

- **Time**: Select 15 or 30 minutes – automatic shut-off
- **Knead Intensity**: Select knead intensity low, medium, or high.
- **Air Intensity**: Select air pressure intensity low, medium, or high.
- **Heat**: Press to turn on/off the heating function.

**Operation Guide**

Enjoying a foot massage for 15 or 30 minutes once or twice daily can relieve muscle pain, improve blood circulation and effectively improve the symptoms of insomnia.

1. Connect the plug to the power source. The Power indicator should flash, the massager is in standby.
2. Press the Power button. The knead and air intensity will be low level (L). The default auto shut-off will be 15 minutes with the indicator light red.
3. Press the Time button to change the auto shut-off to 30 minutes and the indicator light will turn blue.
4. Press the Knead Intensity and Air Intensity buttons to adjust the knead and air pressure intensity. (L, M, H)
5. Press the Heat button to turn on/off the heating function.
6. To remove and wash the foot cover:
**Security and Maintenance**

1. The use of non-rated voltage (DC 12V/2.5A) is prohibited.
2. It is prohibited for non-personnel to repair the massager or replace parts.
3. If the power cord is damaged, it must be replaced by the maintenance department or similarly qualified persons approved by the manufacturer to avoid potential hazards.
4. Do not use or store the appliance in wet environments or high temperatures.
5. Unplug the power cord from the outlet after using.
6. Ensure that the operation of this product does not exceed more than 30 minutes at any given time.
7. If you feel unwell or in any unusual discomfort, please stop using the product immediately.
8. If high temperature or foul odor is experienced while using the product, stop using immediately and unplug the device.
9. Any individual who may be pregnant or recently gave birth, has a heart condition or a pacemaker, suffers from diabetes or other sensory impairment, phlebitis and/or thrombosis, joint dysfunction, inflammation or injuries, weak bones, osteoporosis, a high fever, an abnormal or curved spine, is at an increased risk of developing blood clots, has pins/screws/artificial joints or other medical devices implanted in his/her body, is being treated for a medical condition or physical injury or is under a doctor’s care, should consult with a medical professional before using a massaging device designed for home use.
10. Do not use sharp objects to handle the product in order to avoid damage.
11. Please keep the product clean. You can use a soft cotton cloth and neutral detergents to clean it.
12. Do not stand when you are using the massager. Do not place excessively heavy objects on the device in order to avoid damage.
13. The product possesses a temperature-protection device; it will automatically shut-off when the temperature exceeds the safe limit.

<thead>
<tr>
<th>Common Problems</th>
<th>Cause</th>
<th>Solutions</th>
</tr>
</thead>
<tbody>
<tr>
<td>The product does not work.</td>
<td>1. Disconnected power or loose plug causing poor contact.</td>
<td>1. Re-plug to the power source.</td>
</tr>
<tr>
<td></td>
<td>2. The power switch is off, or the timer has been reset.</td>
<td>2. Turn the power switch on again.</td>
</tr>
<tr>
<td></td>
<td>3. The motor auto shuts off due to the device being on too long activating overheating protection.</td>
<td>3. Use the massager after the motor cools off naturally.</td>
</tr>
<tr>
<td>The massage intensity is too high or too low.</td>
<td>Your foot is positioned at the wrong angle.</td>
<td>Adjust the contact angle to get the moderate intensity.</td>
</tr>
